Acting Principals Message

I hope you all had a lovely weekend, as we head into another exciting week at St Therese's. Our Year 6 students will attend an Orientation Day at St Pius X tomorrow, which is very exciting for them as they begin to prepare for the next step of their education. This Friday is also Grandparent's Day, where our infant grades celebrate these very special people in their lives - there is great excitement amongst our youngest students. Next Tuesday 30 October is a joint celebration of St Therese's Day, Harmony Day and Community Day. Thank you to our P&F for supporting this wonderful day by supplying sausage sandwiches for all, please send in your RSVP for catering purposes. Thanks you also to Mrs Briggs, Mrs Adams, Mrs Pettett and the Year 6 Environmental Team for all the organisation that has gone into this event.

Mr Rufo and his wife are currently in Cornwall, England. He will return on Monday with many stories to tell, I am sure! Thank you to all the students, parents and staff, especially the executive, for all your support in Duilio's absence. Thank you also to Mrs Jackman and Mrs Murdoch, who stepped into the acting Primary Coordinator position.

School Uniform

Our school uniform defines us as a school and so I also ask that parents ensure their children wear the correct school uniform each day. At this time of the year, we find Converse or skate shoes replace joggers and school shoes, as well as branded clothing replacing jumpers. We understand that in Year 6, in particular, parents do not want to go through the expense of buying new uniforms to last only one term, however please try to make replacements as close to the uniform as possible. If your child needs to come out of uniform for any reason, a note of explanation to their teacher would be appreciated.

Our weather has been very unpredictable, so we are again finding many jumpers with no names. I can only imagine the cost involved in replacing lost uniform items - please label ALL your children's clothing and belonging.

Compass Helpdesk

Congratulations!! Over 60% of parents have logged into the Compass Parent Portal. With Skoolbag no longer current, Compass will be used for communications such as the weekly newsletter and other important information. If you have not yet accessed Compass, please do so as this will be our primary source of communication in the school.

We have noted many parents using the Compass APP to add notes for absent children which is fantastic! Please be aware that ONLY WHOLE DAY absences should be entered on Compass. Any child leaving early or arriving late needs to visit the front office and be signed in by the parent/carer at the kiosk. If you have any queries regarding Compass, please email admin@newlambton.catholic.edu.au.

Warm Weather and Sun Protection
With the weather warming up we can be caught off guard and sometimes forget to protect our skin from the sun. This was certainly the case at our latest sporting event, the Netball Gala Day. Whilst the day was a huge success, thanks to the organisation of Ms Mortimer and Mrs Kepreotes who took many girls and boys teams to the event, we did have a few students who suffered from sun burn. It is a timely reminder to use sunscreen daily and to remind your children to put it (sunscreen) on before they come to school. As always students are expected to wear their school hats whenever out of the classroom too and to drink plenty of water throughout the school day.

School Uniform
Full school summer uniform is to be worn this term and that includes correct shoes, socks and jewellery items. Only appropriate earrings and jewellery are to be worn. We encourage you to label all items of school clothing and equipment including hats, drinks bottles and lunchboxes, with your child’s name.

Leadership
This week grade 5 students will hear from our Executive about the four Leadership teams that the grade 5 students can join for 2019. These teams help with the smooth running of our school in the areas of Active Lifestyle, Environmental, Social Justice and Kids Matter. From this point we will then begin the process of electing School Councillors, School Captains and Sport Captains. This is an exciting time for the students in our current grade 5 and we wish them all the best as they begin their leadership journey.

Bus Pass applications for 2019 open from Monday, 15 October 2018.
Students progressing to year 3 and year 7 do not need to re-apply if they:
- are continuing at the same school
- are residing at the same address
• have not been sent an expiry notification from Transport for NSW.

Where a student meets the new distance eligibility, the system will automatically update their entitlement. If they do not meet the new eligibility, they will receive an expiry notification.

Students who have an entitlement approved under a medical condition which is due to expire will receive a notification advising them to re-apply.

Term Bus Pass holders will receive a notification to re-apply.

If students need to update their information or re-apply, they should go online to https://apps.transport.nsw.gov.au/sssts/updateDetails

Applications need to be submitted before 31 December 2018 to ensure student entitlements are updated and their current entitlement/card is not cancelled. If their application is submitted after 31 December 2018, the system will automatically cancel a card and a new one will need to be issued.

Students in the Opal network applying for a SSTs or Term Bus Pass entitlement for the first time will receive their card at their nominated postal address. Cards will be mailed out during December 2018 and January 2019.

Students residing in Rural and Regional (R&R) areas should receive their travel pass at the commencement of the new school year from their nominated operator. Note: some R&R operators do not issue travel passes. Students should check with their operator for more information.

Canteen News
I will be away from the canteen Friday 2 November through to Friday 16 November inclusive. My husband is running the New York Marathon and so we are taking the opportunity to have a family holiday. During this time there will be no cookies and no sushi but everything else will be as usual. Whilst I am away the canteen will be run 100% by volunteers so I ask you to be understanding. These are parents and grandparents doing their very best and helping the school in a much needed way. If your child has a problem with their lunch order, make sure they know to return to the canteen and let the volunteers know. We can't fix a problem if we don't know there is a problem. News from the Classroom

Community Day
A reminder that we will celebrate St Therese's Day, Harmony Day & Community Day next Tuesday 30th October (Week 3) in the Main Hall at 9.30am. A flyer was sent home last Friday. Following the liturgy, invite family members to share some of their culture in our classrooms. If you are able to share your culture with us on that day, please return the slip attached to the flyer. There will be a shared lunch from 11.30 to 12.30 - we invite families to come to school and have a picnic lunch with your children. A sausage on a bread roll will be automatically ordered for all students. If your child does not like sausage sandwich or has an allergy to them, they will have to bring along their own lunch. There will be no other lunch orders on this day, but the canteen will be open to sell ice blocks, slushies, chips etc. During lunchtime, the environmental team will be running some Indigenous Sporting Games for everyone to enjoy. A note was sent out last this week inviting all along and asking for volunteer helpers. We hope you can make it.

**Gifted Education**

This week we will administer the last of the CogAt assessments in Kindergarten. The test focuses on three batteries (areas) of cognitive abilities; Verbal, Non-Verbal and Quantitative (Maths). Well done students who have worked very hard to complete the assessment thus far. Results of these assessments will not be available until the end of the year and will be used as a tool to help identify potential areas of Giftedness.

**Gardening Club**

Infants enjoyed a beautiful spring afternoon planting rows of lettuce and pottering around in our school garden. We are all really enjoying our time together, in the lovely weather looking for worms, mulching the garden beds and watering our vegetables. Thanks for your hard work everyone! Have a great week!

**Maths Olympiad**

32 students in both Years 5 and 6 have competed in the Maths Olympiad this year. This is run by the Australasian Problem-Solving Mathematical Olympiads (APSMO) and is conducted across Australia, New Zealand, Malaysia and Singapore. Students undertake 5 Olympiads where they complete 5 tasks in each session. Creative thinking, reasoning and manipulation of mathematical knowledge is the core of the tasks. Our students did extremely well in the Olympiads with a number of students being awarded awards:

- Trophies are awarded to the highest scorer in each team: Christian Prince (Year 6 Team) and Aidan Prior (Year 5 Team)
- Achiever Pin awarded to students that achieve in the top 10% - Christian Prince and Liam Hughes
- Achiever Patch awarded to students that achieve in the top 25% - William Hadley

Well done to these students and all students who completed the Olympiad. The questions are very difficult (I had to check the answers or a few occasions myself!). All students showed improvements and all learned new strategies, which is always the most important aspect of education!

Wellbeing

Kids Matter – Positive Attention

Positive attention is when you respond to your child with warmth and interest. It helps your child feel secure and valued. Find out how to make the most of daily moments to show positive attention to your child. A healthy self-image is very important, not only for your child’s relationship with others, but also for his confidence as he learns about the world. Your child’s feelings of security and safety come from his interactions with you and the other people who care for her. If you reassure and support your child when she’s frightened, uncertain or faced with a new or unfamiliar situation, she’ll feel safe and secure.

Even though your child’s world expands when she goes to school, your warmth, love and positive attention are still the biggest influences on her development. Try these ideas:

- Stop what you’re doing and listen when your child wants to talk about his day at school. This might not always be as soon as he gets home, though – it might be when he’s in the bath or just before he goes to sleep.
- Ask follow-up questions when your child starts talking. This keeps the conversation going.
- Notice and guide your child’s positive interactions with others – for example, ‘I think Hunter really liked it when you asked her questions about her holiday. It gave her a chance to talk about something that was important to her’.

When it’s hard to be positive

- It’s not realistic or even normal to be positive all the time. And your child will cope just fine if you’re occasionally insensitive, unavailable or distracted. It’s what happens over time, not each particular incident that makes the difference. If your child gets mostly positive attention from you over time, he’ll feel loved and secure. When parents are regularly distracted or can’t focus on their children’s needs, children can be negatively affected. If this begins at infancy and keeps happening, babies as young as six months can show signs of stress. This can affect children’s health and wellbeing in the early years as well as in the future.

Celebrating our Unique Gifts: When we can teach our children to recognise and accept the great paradox that exists across all human beings, that; ‘we are all the same yet all different’, we will have set them on the path to celebrate their own unique gifts along with being able to recognise and celebrate the unique gifts in others. Celebrating our own and others Unique Gifts in this way helps us to become more inclusive people because we are less likely to feel threatened, defensive or jealous of the differences between ourselves and others. We remove the need for comparison or competition as we
learn to accept ourselves and others just as we all are. We celebrate who we are as individuals and learn to love our unique and special gifts that we can offer to those around us. So, let us support our children by loving them just as they are and by teaching them to do the same.

Many parents commented on the good manners of the children and how much everyone enjoyed the day. These days are only made possible by the assistance of the parents and grandparents of the children. We greatly appreciated the assistance of all the parents and grandparents who helped transport, manage and organise the teams.
