

Kindergarten Curriculum Handbook 2025

Term 1	
Religion – Pedagogy of	Knowing God the Father
Encounter	This module is an introduction to encounter with God. Students
	will come to know God through a sense of wonder and awe
	about who God is and what God is like. They will understand
	that God created human beings in His own image, in order to
	form a loving relationship with them and that they are special.
	Students will explore the experience of God in the created
	world, through prayer and reflection. They will communicate
	their ideas, feelings and thoughts about God throughout the
	various learning experiences presented as part of this module.
	There will be a special focus on the links between knowing God
	and the seasons of Lent and Easter as a special time.
English	Writing to recount an event or convey a story
_	Punctuation – capital letter to start a sentence, capital letters
	for proper nouns and full-stop to end a sentence
	Sentence Level Grammar – nouns, verbs, personal pronouns,
	articles to write simple sentences
	Phonological Awareness - Introduction to print, linking speech
	to print, words in a spoken sentence, rhyme, syllable
	segmenting and counting, blending onset and rime
	Spelling – Phoneme/grapheme – m, s, t, a, p, i
	Comprehension – Prior Knowledge and Imagery/Visualisation
Mathematics	Number – Students will learn to instantly name the number of
	objects within small collections, use the counting sequence of
	ones flexibly, connect counting and numerals to quantities,
	model addition and compare quantities and identify
	relationships in numbers up to 10. They will also recognise
	number patterns and connect counting and numerals to
	quantities.
	Measurement & Space – Students will sort, describe and name
	familiar 2D-shapes. They will represent shapes and identify and
	compare their areas. Students will also use direct and indirect
	comparisons to decide which is length is longer and create half
	a length.
HSIE	History
11012	Personal and Family Histories provides students with the
	opportunity to learn about their own history and that of their
	family; this may include stories from a range of cultures and
	other parts of the world. As participants in their own history,
	students build on their knowledge and understanding of how
	the past is different from the present.
Science	No Science is taught in Term 1
PDHPE	PDH - Look at Me!
I DIII L	Students will identify the physical, social and emotional
	characteristics that make them similar and different to others.
	They will recognise the people around them they can trust and
	They will recognise the people around them they can trust and

	T
	gain support from when required. Through exploring a range of scenarios, students will describe the strengths they can draw on, and the actions they can take to remain safe in a variety of situations. The Resilience Project - These lessons run weekly in our classroom and support student understanding in Well-being, Mindfulness and Empathy. Students' complete activities from their Resilience Project Journals and teacher run activities. Protective Behaviours - the last 3 weeks of each term is our Protective Behaviours unit. Within this unit, students are read the 'My Underpants Rule' and learn about ways they can keep
	themselves safe in different situations.
Creative Arts	Visual Art Students make artwork experimenting with different media, such as paper tearing, use of 2D-shapes, painting and
	paper craft.
	Performing Arts - Dance Students focus on the elements of
	time, space and relationships. Students make short movement
	phrases in response to a variety of ideas, moods and stimuli.
	Students learn to respond in movement to a variety of
	accompaniments (sound, voice, music and percussion). They
	respond with spontaneity and reflect on their movement
	choices and experiences.

Term 2	
Religion – Pedagogy of	Knowing God the Son
Encounter	This module leads to an encounter with God through the person
	of Jesus Christ. Students will learn that Jesus is the Son of God
	who leads us to the Father. Students begin to explore the
	person of Jesus, as revealed in scripture texts. They listen and
	respond to stories about Jesus that are found in the Gospels.
	The students are introduced to Jesus as the one who loves us,
	who seeks out the lost and who humbly serves others. They will
	•
	develop an awareness of God's plan of love and care for others
Finalish	through the teachings and actions of Jesus.
English	Writing to describe and explain (Informative Texts)
	Punctuation – capital letter to start a sentence, capital letters
	for proper nouns, full-stop to end a sentence and question
	mark
	Sentence-level Grammar – adjectives, prepositional phrases to
	write simple sentences
	Spelling – Phoneme/grapheme – f, r, o, c, d, h, e, n, g, l, k, u, b
	Comprehension – Questioning & Clarifying/Monitoring
Mathematics	Number – Students will continue to model addition and
	compare quantities and identify relationships in numbers.
	Students will instantly name the number of objects within small
	collections and investigate and form equal groups by sharing.
	They will record grouping & sharing
	Measurement & Space – Students will identify and compare
	mass using weight and compare and order the duration of
	events using the language of time. Students will begin to tell
	time on the hour on analog and digital clock. Students will
	describe position and movement of oneself.
	Statistics & Probability – Students will respond to questions,
	•
	collect information, and discuss possible outcomes of activities.
	They will organise objects into simple data displays and
	interpret the displays.
HSIE	No History/Geography taught in Term 2
Science	I like to Move It!
	Students explore familiar objects in their school and classroom
	environments. They use their senses to observe, describe and
	draw objects using everyday language to describe shape, size,
	colour and feel. They compare materials from which objects are
	made, observe their properties, and explain how these are
	appropriate or inappropriate for particular purposes. They test
	different materials for water resistance and use their growing
	knowledge about materials and their properties to design
	outdoor weather-resistant objects.
PDHPE	PDH – Keeping Safe
	Students will identify signs that may indicate they are in a
	potentially unsafe situation. They will develop their knowledge
	potentially unsafe situation. They will develop their knowledge

of strategies and actions they can apply to promote their safety and wellbeing in a range of situations and environments. The Resilience Project - These lessons run weekly in our classroom and support student understanding in Well-being, Mindfulness and Empathy. Students' complete activities from their Resilience Project Journals and teacher run activities. **Protective Behaviours** - the last 3 weeks of each term is our Protective Behaviours unit. Within this unit, students are read the 'My Underpants Rule' and learn about ways they can keep themselves safe in different situations. **Creative Arts** Visual Art Students make Self-Portraits using a variety of media, including painting, clay and oil pastels. Students develop an understanding of creating emotions through color and texture. Performing Arts - Drama Students use "The Cat in the Hat" by Dr Seuss and "Dinosaur Roar" by Henrietta and Paul Stickland, as inspiration for dramatic play. Students explore the use of drama elements through process drama, drama games and activities, as well as role improvisations with an aim to help students use their bodies, voices and movement as a means to convey meaning and experience.

Term 3	
Religion – Pedagogy of	Knowing God the Holy Spirit
Encounter	This module introduces students to God the Holy Spirit as the
	third way of knowing God. The Holy Spirit is presented as an
	equal part of the Trinity with God the Father and the Son.
	Students will pose and respond to questions about the presence
	of the Holy Spirit in their own lives. They will learn about the
	coming of the Holy Spirit to the Apostles at the time of
	, , ,
	Pentecost and ways that the Spirit is God's presence in the
	world today. They will also be introduced to symbols and signs
	of the Holy Spirit and the special gifts of the Holy Spirit that help
	to strengthen people's relationship with God.
English	Writing to give an opinion (Persuasive Texts)
	Punctuation – capital letter to start a sentence, capital letters
	for proper nouns, full-stop to end a sentence, question
	mark and exclamation mark
	Sentence-level Grammar – time connectives, experiment with
	writing compound sentences and recognise that each clause
	makes meaning by itself
	Spelling – Phoneme/grapheme – j, w, ck, ll, ff, ss, sh, qu, ee, z/zz
	Comprehension – Evaluating & Making Connections
Mathematics	Number - Students will continue to consolidate their
	understanding of addition, numeral identification, grouping and
	addition. They will experiment with more complex patterns.
	Measurement & Space – Students will connect days of the
	week to familiar events and actions
HSIE	No History/Geography taught this term
Science	OK – Go Upside Down and Inside Out!
	Students describe how objects move and observe the effects of
	push and pull forces. Students engage in the process of working
	scientifically, design and production to make sense of the world
	around them. They will explore their immediate surroundings
	and ask questions about their observations and experiences.
	They will collect data and communicate their ideas and
	observations in a variety of ways. Students will investigate
	possibilities and solutions.
PDHPE	PDH – Staying Healthy
	Staying healthy physically and mentally. Students will explore
	strategies and behaviours they can incorporate into their daily
	lives to maintain and promote their emotional, social and
	physical health and wellbeing
	1
	The Resilience Project - These lessons run weekly in our
	classroom and support student understanding in Well-being,
	Mindfulness and Empathy. Students' complete activities from
	their Resilience Project Journals and teacher run activities.
	Protective Behaviours - the last 3 weeks of each term is our
	Protective Behaviours unit. Within this unit, students are read

	the 'My Underpants Rule' and learn about ways they can keep themselves safe in different situations.
Creative Arts	Visual Art Students experiment with the use of everyday items
	to create artworks and sculptures, such as Styrofoam, kitchen
	utensils, natural resources e.g. leaves, bark etc.
	Performing Arts - Music Students explore the use of the
	elements of music in their singing, playing and moving activities.
	They perform simple speech rhymes and songs, and work on
	developing the ability to maintain a sense of beat and rhythm.
	Students listen to and respond to the elements of music
	through their singing, playing and moving activities.

Term 4		
Religion – Pedagogy of	Loving like God	
Encounter	This module introduces students to the Christian concepts of love and relationship. This module focusses on ways of loving and caring for others as part of God's plan for people to live happily and peacefully together. It invites students to consider how they can be more like God in the ways they care for self and others, sharing what they have. The last section focuses on God's special gift of love to the world with the birth of Jesus. It serves as an introduction to the concepts of Advent and Christmas as special times for Christians to thank God for his love.	
English	Writing – Review All Texts	
Mathematics	 Recount an event or convey a story – Fiction or non-fiction narratives Describe and explain – Descriptions about a living or non-living thing Give an opinion – A letter to a familiar person Punctuation – capital letter to start a sentence, capital letters for proper nouns, full-stop to end a sentence, question mark and exclamation mark Sentence-level Grammar – experiment with writing compound sentences and recognise that each clause makes meaning by itself Spelling – Phoneme/grapheme – ch, v, x, y, wh, th, oo, ng, ay, CVCC words, CCVC words, Suffix 's' plurals Comprehension – Summarising, Predicting, Inferring Number – Students will use their understanding of number quantities and relationships to solve problems. Measurement & Space – Students will explore familiar three-dimensional objects and compare internal volume by filling, 	
	packing and building.	
HSIE	Geography Places Students identify places and develop an understanding of the importance of places to people. Students communicate geographical information and uses geographical tools	
Science	No Science taught in Term 4	
PDHPE	PDH – Look at me now! Students will reflect on the physical, social and emotional characteristics that make them similar and different to others. They will identify how they have grown and changed throughout the year identifying their strengths and describing the actions they can take to remain safe in a variety of situations. The Resilience Project - These lessons run weekly in our classroom and support student understanding in Well-being,	

	Mindfulness and Empathy. Students' complete activities from
	their Resilience Project Journals and teacher run activities.
	Protective Behaviours - the last 3 weeks of each term is our
	Protective Behaviours unit. Within this unit, students are read
	the 'My Underpants Rule' and learn about ways they can keep
	themselves safe in different situations.
Creative Arts	Visual Art Students use indigenous symbols and art styles to tell
	a story through art. Students also create artwork based on the
	Nativity Story and Christmas.
	Performing Arts - Music Students use their awareness of the
	musical concepts to explore sound sources, and to create and
	organize their own compositions. Students will learn to perform
	songs in preparation for a whole-school Carols Concert.

Specialist Teachers

Students attend three specialist learning opportunities:

- Library with Mrs Barker or Mrs Gleeson
- Physical Education with Mr Hartcher
- Performing Arts with Mrs Brymora

Information regarding Performing Arts can be found in the Creative Arts section I each term. A summary of Library and Physical Education can be found below.

Learning in the Library

Information processing skills enable us to understand and use information effectively. This is important for learning, solving problems, and making good decisions. It also helps us to think creatively and adapt to new situations. During library lessons the children have an opportunity to develop a range of information processing skills. These skills become more sophisticated as they progress through from Kinder to Year 6 and are detailed below. The content covered during library lessons varies and supports the class HSIE, Science and English programs. Cyber safety is also explored during lessons.

Children have an opportunity to use computers to communicate, create and present their learning.

Rich and meaningful literature is at the heart of all lesson, along with a variety of thinking routines.

Children are encouraged to borrow from the library each week during their dedicated borrowing time.

Inquiry in Kindergarten

Question

Pose a question appropriate to the context to promote inquiry.

Plan

Identify steps required to complete a task, asking clarifying questions as required. With support, identify language related to the task and build a relevant vocabulary bank.

Locate

Identify a range of information sources including:

Physical (print, graphic)

Digital/Networked (websites, data bases)

People

Places

Comprehend

Comprehend information in a variety of formats including:

- Written (text)
- Visual (pictorial)
- Oral (audio)
- Objects

Record

Record information as text, images and audio

Make

Present information in a given format.

Offer feedback

- Self-assess their product (during task and final product) using agreed success criteria.
- Accept (and use where appropriate) peer feedback

Publish

Identify a range of opportunities to publish work.

Reflect

Work collaboratively with peers.

Physical Education in Kindergarten	
Unit 1 – 15 weeks	Movement Skills - Athletics Students practise and demonstrate movement skills and sequences using different body parts. They explore possible solutions to movement challenges through participation in a range of activities.
	Students demonstrate how the body moves in relation to space, time, objects, effort and people.
Unit 2 – 15 weeks	Movement Skills - AFL Students work towards developing the fundamental motor coordination skills necessary to play a modified version of AFL. The lessons focus on learning through play and students are encouraged to have fun whilst learning how to hold, handpass, kick and mark the ball. In addition, students will discuss the importance of teamwork and fair play with opportunities provided to develop these social skills in pairs and small groups.
Unit 3 – 15 Weeks	Movement Skills - Hockey Students learn the basic skills of hockey. As a guiding principle, safe practice is paramount, and students learn the skills of hockey in a safe environment.
